### Safe Sleep Practices/Polices:

1. Infants will be placed on their backs in a crib to sleep unless a physician's written statement authorizing another sleep position for that infant is provided. The written statement must include how the infant shall be placed to sleep and a time frame that the instructions are to be followed.
2. Cribs shall be in compliance with CPCS and ASTM safety standards. They will be maintained in good repair and free from hazards.
3. No objects will be placed in or on the crib with an infant. This includes but is not limited to covers, blankets, toys, pillows, bumper pads, sheepskins, stuffed toys, or other soft items.
4. No objects will be attached to a crib with a sleeping infant including but not limited to crib gyms, toys, mirrors and mobiles.

Infants who arrive asleep at Northway Preschool or fall asleep in other equipment, on the floor or elsewhere, will be moved to a safety approved crib for sleep.
8. Wedges, other infant positioning devices and monitors will not be permitted unless a physician's written statement authorizing it's use for a particular infant is provided. The written statement must include instructions on how to use the device and a time frame for using it.
